[REDACTED] After our meeting with [REDACTED] their number one priority is trying to find a NDA for [REDACTED]. That being said [REDACTED] our Army CID rep will be traveling to Fort Leavenworth the week of September 30th to look for a NDA. The lawyers have asked that one of us travel with him to help establish the location of the NDA's. Estimated travel will be approximately \$700. This will include a rental car for travel from Kansas City to Fort Leavenworth. Can you authorize the use of a TR number for this travel? Thanks for your help!

[MAIL] and I are Case Agents on [MAIL]

[MAIL] was the Commanding

General at Ft Leavenworth from 2005 to 2007. Our Army CID counterpart has identified a safe at Leavenworth belonging to our subject which most likely contains SAP material. It is our understanding this safe has not been opened since 2007.

[MAIL] and I would like to request Kansas City SAC concurrence to travel to Ft. Leavenworth on 11/13/2014 to observe the drilling of this safe by Army CID, accept its contents as potential evidence, and conduct interviews of security personnel.

I'm guessing one of your Agents has liaison responsibility for Leavenworth. We would welcome that Agent's participation. We would also be happy to provide you additional detail regarding these cases as they relate to Leavenworth. Our interest there is historical and there is no on-going issue.

If you would prefer an EC for this request, please let us know. Thanks very much for your help.

Thank [REDACTED]

[REDACTED] I'm at an In-service this week up in VA. We are awaiting an update from our Army CID counterpart from DC. Once we have a better itinerary, I'll get that to you. As of now, we plan to fly into KC on 11/12, be at Ft. Leavenworth on 11/13, and then return home either Thursday evening or Friday morning. The CID Agent is coordinating the interviews we need to conduct. You are welcome to join us, especially if it will help in your liaison efforts. Please let me know if we can provide any additional details between now and then.

Thanks again for your help.

Hey guys, trying to get into the safe didn't happen. It went as [REDACTED] predicted. Essentially, Ms. [REDACTED] stated that unless DoD blessed off on gaining entry, the safe would remain closed. After explaining to her that I was there to assist her with removal of the contents, she related that when the owners of the information wanted back, the safe would be opened. She then rambled on about paying for the services to have the safe drilled and lock replaced.

b6
b7C

I don't know if anyone is pursuing the issue from the pentagon level. It is unusual that a security officer not know what they are accountable for to include the contents of all safe drawers. I highly doubt my organization is willing to send myself or anyone from this unit back out considering the loss and this was a support mission to help her office.
